

Sixth day

This was a great relaxing day. We were working in our workshops and we had some free time. It's was really hot outside and everyone went out in the good weather. Fitness Icebreakers gave us a lot of energy to continue working in the afternoon. Watch out for their Maltese Icebreakers!

Intercultural evening from Malta

The participants from Malta showed us a video of the churches in Malta, landscape and fireworks and another video about the funny side of Malta. Then they were serving delicious food like Imqaret (date cakes), Pastizzi (cheese and pea cakes) , Gbejniet bojod u tal-bzar, Zebbug (olives), Kwarezimal, Pastini pastarjali, Qaghaq tal-ghasel (honey rings), Bigilla (bean paste), basal tal-picles (unions) and Galetti (water crackers). Everyone had a good time and many of us were dancing until the midnight.
